Cost: Morning Session
\$15 ASG members
\$25 Non-ASG members
Afternoon Sit & Sew
\$30 ASG members
\$40 Non-ASG members

Have you thought about purchasing a serger? Do you only use your serger to finish seams? Have you purchased feet you have never used?

Join us for one whole day devoted to sergers.

The *Serger Play Day* is a great opportunity for those who are thinking about owning a serger to get their questions answered and see just how much fun they are missing. For the rest of us, we can refresh skills and learn the latest and greatest techniques using a variety of feet and a variety of attachments.

The morning session will have round-robin demonstration stations manned by ASG experts using various serger feet and techniques. You will have the opportunity to have questions answered in an informal setting. A couple of local serger dealers will have booths with their brand serger machines and accessories for sale on site. Plus a serger technician is scheduled to give a talk on service and maintenance.

The afternoon session will feature two *Sit & Sew* classes. One will be a basic serger class and the other an advanced serger class. Everyone takes home two projects! Plus the book used to make them!

Sign me up for Oct 30 Serger Play Day

Enroll me for the morning Serger session:

\$15 – ASG Member

\$25 – Non-ASG member

Enroll me for the afternoon Serger sit & sew:

\$30 – ASG Member

Choose your serger skill level for class using skill level defined in article:

Basic

Advanced

Name: _____

e-mail: _____

Ph: _____

Complete this form & mail with check payable to:

ASG, Tucson Chapter

P.O. Box 18853

Tucson AZ 85731

Deadline to apply – October 16

No Refunds unless sessions are cancelled.

Beginner Serger is for anyone who has used a serger or wishes to use a serger.

Advanced Serger assumes that you can change the settings on your serger and know how to thread your serger for each of the thread options.

Required supplies list will be sent to everyone signing up for the afternoon session. Be sure to bring your SERGER MANUAL and threading charts.

Deadline to apply: Oct 16
